## BLUE AND WHITE SOUAD AT WORK

Delaney Does Not Believe Shift in Line-Up Will Trouble Men.

#### PLAY SATURDAY AT COLUMBIA.

Frankie Howe, Regular Quarter Back, Will Be in Shape for the Contest-C. B. C. Practicing for Rolla Meet.

certain that his team would beat Washington, but was underided as to the result of the game with St. Louis.

The coach admitted that he thought St. Louis would give the harder battle and while he has had a week more to condition his men, St. Louis will probably win the game. in the game, Frankie Howe, the regular quarter back, 

Coach Wilbur of C. B. C. is taking no chances with his team and is working hard with them for their game at Rolla next

Saturday, Some of the players at the latter part of last week, broke traduling, as the result of no game, but the big coach severely reprimanded them and a strong lecture resulted.

The practice with the Manual Training The practice with the atomus Training School team and the second team of the college is doing the regulars good and they will be in fit condition by Saturday. Although Rolls will be heavier, they will have to be much faster than the teams that C. B. C. has been playing this season in order to defeat the Easton avenue boys.

Regular practice was not ordered by

me boya.

Regular practice was not ordered by loach Boymon of Washington University, lithough several of the players were on the field kicking the ball about.

The training work will be commenced oday and the team will be prepared or the game with the University of Kanas, to be played at the Stadium, Satriday afternoon.

women of the Newbern Cumberland ian Church served a dinner yesterday ers at McClusky. Vaughn returned yesterday from

-The Hapgood Plow Factory will resume serations this morning.

DREAD OF

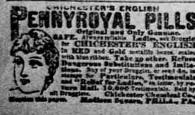

# I am compelled by a sense of gratitude

o tell you the great good your remedy as done me in a case of Contagious Blood Poison. Among other symptoms I was se-verely afflicted with Rheumatism, and got ost past going. The disease got a firm hold upon my system; my blood was thor-oughly poisoned with the virus. I lost in weight, was run down, had sore throat, eruptions, splotches and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., but the tent use of it brought me out of my rouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy, S. S. S., and to recommend it to all blood-poison sufferers, sincerely believing if it is taken ac cording to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. James Curran. Stark Hotel, Greensburg, Pa.

Painful swellings in the groins, red erup rions upon the skin, sores in the mouth and loss of hair and eyebrows, are some of the symptoms of this vile disease. S. S. S. is an antidote for the awful virus that attacks and destroys even the bones. S. S. S. contains no Mercury, Potash or other mineral ingredient. We offer \$1,000 for proof that it is not absolutely veget-

able. Home treat-ment book giving the symptoms and other interesting and valuable information about this disease, mailed free, Our physi-cians advise free The Swift Specific Company, Atlanta, Ga.

#### RENEWAL PLANNED OF \$50,000 RACE

Fair Association Discussing Advisability of Arranging Big Stake for Spring of 1996.

That a \$50,000 stake, to succeed the World's Fair Handicap of this year, may be established locally as a permanent fixture, is deemed probable by officials of the fair Grounds and Delman.

Not only has the subject been gone over horoughly by directors of the local tracks, but President C. A. Tilles of the Fair As-sociation is strongly in favor of mich a nove, and has so expressed himself. He believes that such a stake would be the strongest attractions in American racing. Speaking of the matter yesterday, Secre that while no definite steps had been tak-en, there was a strong probability that

While the injury to Pechmann's ankies will make a change necessary in the lineup of the St. Louis University team, it is believed by Coach Delaney, that the shift will have nothing to do with the outcome of the game with the Misseuri Tigers, Saturday at Columbia.

The blue and white squad again practiced at Sportman's Park yesterday aftertroon and it is very probable that this will be kept up until Friday, when the team departs for Columbia.

Delaney will take his squad to Columbia Delaney will take his squad to Columbia Friday morning and that aftermore will give a workout to them on the Tigers' grounds in order to limber up the Tigers' grounds in order to limber up the the leading events of the year, it would be the leading events of the year.

will give a workout to them on the Tigers' grounds in order to limber up the men for the fray on the following day.

Irwin has been shifted to left half-back, while Axline, substitute, center will be placed at tackle. Axline is a good player at the center position and Coach Delany thinks he will do equally as well at tackle.

Last Friday, Coach McLean of the Missouri University team said that he was certain that his team would best Washington, but was undecided as to the result of the game with St. Louis.

The coach admitted that he thought St. Louis would give the harder battie and while he has had a week more to condition his men, St. Louis will probably win the years.

it will require some time for breparation and to secure a large entry list. But another \$2,000 stake for 1206 is more than a possibility."

What doubtless encouraged the Fair Association in its plan to establish another big fixture was the fact that the Count de Cholet, while a guest of Mr. and Mrs. S. W. Adier, stated that the Baron de Rothschild probably would send a string to this country next season and that he would use his influence to have some part of the stable sent here.

As the Count is a director of the French Jockey Club, his opinion counts for much in the matter. So another big stake may be arranged for two years hence.

#### SOCKER ENTRIES CLOSE TU-DAY

Members of Association Teams Must Register Before November 13 for Olympic Contests.

The entries for the Olympic Association football championship, to be held at the World's Fair Stadium November 16, 17 and

18, will close with the Physical Culture plied that he would be in St. Louis this Department to-night. The members of the different teams entered will be compelled to register with the A. A. U. on or before November 13 best man to Mellody as an opponent for

or they will be ineligible.

The indications are that the contest for the Olympic championship will be a hard-fought one and that many outside teams representing amateur associations will

Amateur Association Football Alphonsus, St. Anns and St. The Knights of Columbus team may enter.

Joe Lydon, promoter of the contest, is busy seeking other teams to enter the championship.

#### A. B. DADE IN KENTUCKY.

Starter Will Remain at Hendersonville Until Opening of Little Rock. Starter A. B. Dade, who served at the Fair Grounds and Delmar last season, is now quartered at his home in Hendersonville, Ky., where he will remain for the winter. He will not serve at any course until the opening of the Little Rock meet-

Ing next spring.

Secretary John Hachmeister departs the middle of this month for a shooting trip in Montana. He will remain away for

in Montana. He will remain away for reveral weeks.

George Ehrlich, who has presided at the field book in the Fair Grounds, and Delimat rings for several years will go to California this week, to attend the meetings on the coast tracks.

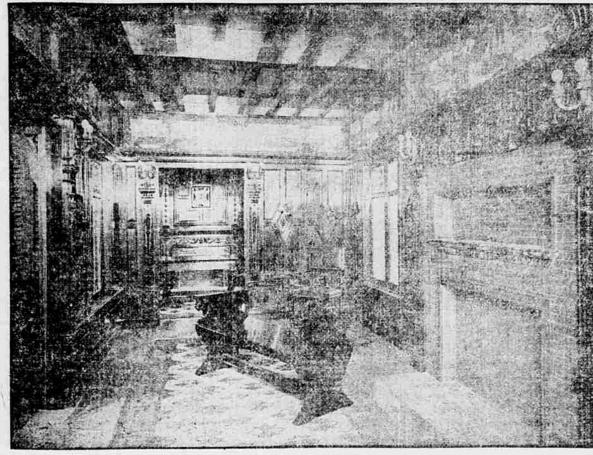

El Mockler, who is attached to Fair Grounds and Delmar, will depart for New Griestis a day or two before Thanks, Living. He has compiled statistics of the last years racing, which shows that C. E. Howe and Tom Haves lead the winning content for the year.

Jockey Austin, in the employ of the Hayes stable, was the leading jockey on the local tracks has summer.

Body Found on Tracks.

The body of John Gedwell, 23 years old, coal miner of Edgement, near East St Louis, was found mangled on the tracks of the East St. Louis and Suburban Rail-road, near Edgement, yesterday morn-ing. It was taken to Demhoff's morgue, where Coroner McCraken will hold the in-quest this morning.

ing off of his bout with Barney Purey, the Cra West End Club management arranged a case bout yesterday between Dick Flizpatrick of Chicago and Furey. They are to go fifteen rounds at 145 pounds. Both are to Pirst race, handleap, seven furloogs:

weigh in at 3 o'clock.

Fitzpatrick, answering a telegram, remorning. He fought a six-round draw with Mellody in Chicago last Saturday evening, and was thought to be the rext

the long-distance telephone by Charley Haughton, Mellody stated that he was unable to appear, on account of an injury received in his fight with Fitzpatrick, who knocked him down twice, and it is said that "Honey" desired to take thlogs quiet-

knocked him down twice, and it is said that "Honey" derired to take things quietly for a formight or more.

Both Furey and Fitzpatrick fight along the same lines. Each is a hard litter and a mixer, making the bout of considerable promise. Furey will have to give away some weight, but it is thought that he can afford to do this on his initial appearance here, in order to have the local fight followers size up his exact acility.

Furey has won from Jack Dewney, Billy Whistler, Jimmie Murray, Eddie Burns, Charley Burus, Art, Simms, Kid Ashe, Mike Schreck-beating the latter in two fights-said has drawn with Willie Fitzgerald, Jack Carrig, Jack Bennett and Jerry Marshail.

One of the best fights in which Furey appeared was that in which he lost to Joe Gans, after nine rounds of hard hattling. He twice sent the negro to the floor.

As a semiwind-up, Milt Kenney and Jack Pirtle will meet in an eight-round bout at 182 pounds. Pirtle best Al Tofte at the last entertainment of the club and Kinney won from Dick Green in a hard fight.

DOLLY SPANKER BROKE RECORD.

Won Election Day Handicap at Aque-New York, Nev. 8.—Dolly Spanker, at 6 Durale.

There have a supposed to the property of the pr to 1, wor the Election Day Handicap, one mile and a furiong, at Aqueduct to-day, defeating a fair field. Dolly Spanker broke the track record for the distance by covering it in 1:522-5, which is one-fifth of a second faster than Carbuncle's time last year. Summaries: First race. six furlongs-King Pepper, 101

Travers), 12 to 1, and 5 to 1, won; Old England, 165 (Crimmian, 2 to 1, second; Bight and True, 198 (Glandt), 19 to 1, third. Wasting

Pittsburg Have an Enormous Capacity.

Water Is Kept Continually in Mo-Used-New Government Dam.

More water is pursped in Pittsburg than vill

plains a condumption of 16020,000 gailons of water every day, but that amount is a tribe compared with the quantity taked from the Mononzahela River by industrial plants along its shores. The Edgar Thomson works has seven blast formaces, the Jones & Laughill Steet Compared works has seven blast formaces, the Jones & Laughill Steet Compared works has seven blast formaces, the Jones & Laughill Steet Compared works has seven blast formaces, the Jones & Laughill Steet Compared works has seven blast formaces, opposite Homestead humber four.

Colonic T. P. Roberts, of the office of Major W. L. Sibert, United States eminers has had occasion to learn all about the water in the Mononzahea River. He has learned that each of these blast formaces averages a consumption of 9,00000 gailons.

This water is used to cool the formaces, and, having served that purposes it can be assumed that all goes black to the stream whence it was drawn. Wherever the water is used to cool the formaces, and, having served that purposes it can be assumed that all goes black to the stream whence it was drawn. Wherever the water is disharred into the river, the comes with force and volume enough to drive a large sized sawmilk. If the opening were fifteen feet above high-water mark undershot wheels could be used to utilize the water power which now goes to waste but the river rises at food times and covers up the hole from which the water rushes.

It is estimated that the engines used in the multiple along the river front require 160,00,00 gailons of water. About one-half of this goos up in steam, so that in practice 50,00,00 gailons of water are lost to the Mononzahela every twenty-four hours.

The samillest volume of the discharge of the Mononzahela every twenty-four hours.

The samillest volume of the discharge of the Mononzahela every twenty-four hours.

The samillest volume of the discharge of the manufer of gailons of water are lost to the Mononzahela every twenty-four hours.

The samillest volume of the discharge of the water five the princi

may be seen as the new one is finished. The new lock will be opposite the hotward discharge coming from the Edgar Thomson blast furnaces, and Government engineers are confident that les will never form at the lock so long as the blast furnaces are operated.

The river has had of late almost as small a volume of water as it had in 18%, when Colonel Roberts estimated the discharge. These times of low water are periodic. The earliest of which there are indisputable records was in 18%, when Colonel Roberts's father drew a map of the river bed, showing "Buckwheat Bar" extending above the present Smithfield street bridge, to below the point. Colonel Roberts has in his office a book containing reports made to the steckholders of the Monongahela River Navigation Company, whose works the Government owns. One of the reports quotes an article appearing in the Gazette of December 2k, 1982, which says that the water in the Monongahela was very low then and that during ten months that stream dif not have a rise of more than two feet, while the Allegheny had had four periods of comparatively high water during the same period.

WELLESLEY COLLEGE GIRLS ORGANIZE A WALKING CLUB.

Cross Country Tramp Proposed by Young Women Who Disdain Boisterous Athletics.

Wellesley, Mass., Nov. 2.—Girls of Wellesley College, who do not look upon golfing, rowing, shot putting and basket ball as womanly pastimes have organized a walking club to be known as "The Wellesley Cross Country Club."

It was Miss Ida Parker, 1905, who, at a class meeting last week, called Miss Lincille Hill's attention to the fact that there are girls at Wellesley, who rarely take exercise because they dishain boisterous athletics, Miss Hill, who is physical director of the college, stated that it was not her aim to make athletics a specialty for a few, but to induce all the girls to take regular exercise in some form, At Miss Parker's suggestion a walking club was formed. Miss Alice Walmsley, 1906, was elected president and Miss Amelia St. John, 1907, secretary.

The registering of the members has closed. This walking club is the most exclusive in Wellesley. No freshmen are allowed to Join and there are but forty charter members. Later more will be admitted.

The only rules of the overantiation are It was Miss Ida Parker, 1965, who, at a
